## APPLICATION FOR PLANNED UNIT DEVELOPMENT (PUD)

The Planned Unit Development (PUD) approach provides the flexibility needed to promote innovative and creative land development that achieves the community vision outlined in the comprehensive plan. Within the framework of a PUD normal zoning standards may be modified. The resulting flexibility is intended to encourage developments that are more environmentally sensitive, economically viable, and aesthetically pleasing than might otherwise be possible if the standards of the underlying zoning district (s) were strictly enforced. The objectives of the PUD are to stimulate creative approaches to the residential, commercial and industrial development of land; to provide more efficient use of land; and to preserve or enhance natural features and provide open spaces areas.
