Request For Partnership

The Shorter Sickle Cell Awareness Blood Drive

Our daughter, Olivia Shorter, was diagnosed with Sickle Cell Disease 7 days after she was born. As her parents, we battle this disease with regularly scheduled blood transfusions. This September, our daughter Olivia will be 7 years old. Instead of a Birthday party, she has asked to coordinate her 1st Annual Sickle Cell Blood Drive & Awareness Party on September 16th 2017.

We are inviting you to promote your business at our Sickle Cell Awareness Blood Drive. Volunteer driven, our hope is to provide families living with Sickle Cell and Sickle Cell trait ample support and information on healthy living.
